Bel Canto Thrills Large Audience

By STAFF REVIEWER

Even without soloists and guest artists, Redwood City's Bel Canto Chorus could have thrilled the audience which comfortably filled the Sequoia High School Auditorium Tuesday for the Spring concert of the local music group. But when what was perhaps the best harpist ever heard here was added to the program, and in addition, three vocal soloists presented charming numbers—well, there was a splendid 1½-hour program.

The obliging Barbara Schwarzmann by her artistry and her charm captivated the audience—and the chorus too, for that matter, for she turned her harp around and played the "Chinese Lullaby" to those 70 singers on the stage.

While Mrs. Schwarzmann's versatility and ability perhaps were best demonstrated in her two programmed numbers, "At the Fountain" by Zabel and Hasselmanns' Prelude, we dare say the beloved "Mighty Lak a Rose" given as the first encore proved to be the most popular with the audience, so sweetly was it played. Later the NBC star's audience was given a new thrill when she accompanied choral numbers and also Director Eugene Fulton's solo, "O Del Mio Amato Ben."

LIGHT NUMBERS PLEASE

Although the director handled the heavy Donaudy number well, the group of lighter numbers, including a cowboy plaint, provided better mediums for the expression of both his light baritone voice and his radiant personality.

The sweetness of Mrs. Marion Johnson's voice as she sang two regular numbers and a catchy encore was, as always, charming, and proved once again Director Fulton's contention that she is "Redwood City's favorite soprano."

With the most difficult spot on the program — first of the soloists and coming almost before the audience had become settled — Mabel Duncan nevertheless acquitted herself even better than ever, if possible, as she gave the difficult "Farewell, Ye Forests," from Tschaikowsky's "Joan of Arc."

Stage backing especially arranged for the concert served to carry the voices to all parts of the auditorium entirely satisfactorily, but lack of a spotlight or other arrangement of light in front of the footlights caused all the soloists to perform almost in the dark, as far as the audience was concerned.

The chorus itself again demonstrated that it is well-trained; that it has rare quality and versatility for groups as large as it is; that it is indeed something for Redwood City to be proud of. While apparently more at home with the snappy, rhythmic numbers such as the Negro spirituals or the folk songs, the chorus handled adeptly such selections as the magnificient Laudamus, or Song of Praises, with which it closed the concert and which it had given at Treasure Island's Eisteddfod.

A throat ailment which kept A. H. McGovern in the audience gave those attending an opportunity to hear a voice new to Redwood City—that of George W. Prall, new Sequoia teacher, who took the solo part in the pleasing "Gentle Annie" which McGovern was programmed to have given. Prall's Irish tenor type of voice was well-fitted to this number, and proved to be pleasing again as he sang the solo part in the men's choral number, "Tulatulla," a Finnish song.

MRS. BRAY WINS PLAUDITS

Although she had "competition" from the harpist — or should we say "relief" from having to play every number—Mrs. Clarissa Bray, Redwood City's best-known accompanist, did her task with the usual finesse which has distinguished her playing here for a number of years.

While an expert might be able to pick out flaws in the program and suggest improvements, to the average person the concert was highly enjoyable, and gave full value to those attending, who had the added satisfaction of knowing that a portion of their admission was going to welfare work of the Kiwanis, Exchange and Lions Clubs, who sponsored the concert along with the chorus.

Internationally Known Skater Goes Into Army

BURLINGAME—A new chapter was written into the lives of 46 local young men here as they departed from the Burlingame depot for San Francisco and induction into Army training.

To one young man in particular, Lester Anton Hamilton of Burlingame, it means a great change. A few weeks ago he was capitalizing on his international fame as a skater and was featured in an ice follies show appearing currently in Philadelphia. Now he goes into the army at less pay a month than he was making in a day with the follies.

The contingent which left has a "brother act" and several instances of young men having the same names. In the same class are: Lester G. Hamilton and Lester Antone Hamilton (not related); Loyd C. Renfro and Len Ferris Renfro, San Bruno, brothers; Albert Raynard Turner and John Adolph Turner, unrelated. There will be but seven men in the Burlingame draft board's fourth call, which departs Mar. 29.

Record-Sized Lumber Load Is Left Here

The largest load of lumber ever to be discharged at the Port of Redwood City was being unloaded at the municipal harbor this week.

The load of slightly more than a million board feet of fir from Coos Bay, Ore., arrived Wednesday on the Hart-Wood Lumber Co.'s vessel, the steamer Quinault. J. E. Peggs of San Francisco is the lumber agent.

Unloading of the cargo will take three full days, it is expected. The lumber is to be distributed to yards in the Peninsula district, Port Manager Leslie M. Rudy said.

Before the month is out, several more cargoes of lumber are expected at the local port to make the total footage received here in March about 2½ million, Rudy said.

He regarded the heavy shipment of lumber to the Redwood City harbor as significant in view of the fact most lumber received in California has been "passing up" San Francisco Harbor and going on to Los Angeles.

KIWANIANS SUPPORT PORT BOND ISSUE

Kiwanis Club members voted unanimously Wednesday to indorse the $150,000 Port of Redwood City bond issue to be on the city's special election ballot Mar. 25.

Lindwall Sentenced To Year in Jail

Rune J. Lindwall, 30, of Burlingame, a real estate salesman, was sentenced to serve one year in the county jail here by Superior Judge A. R. Cotton. Lindwall pleaded guilty to felony drunk driving two weeks ago after a charge of hit-run driving had been dismissed on motion of the district attorney's office.

Lindwall was arrested Jan. 6 after a San Mateo traffic accident in which Donald Richmond, 29, of San Mateo, was struck by a car on El Camino Real near Broadway just after he had stepped from a commuter train. Lindwall's motion for probation was denied, but he was given credit for time served.

$26,334 Estate Left By San Carlos Man

An estate valued at $26,334.67 was left by Capt. George Henry Zeh of San Carlos, it was revealed by an appraisal filed in the county recorder's office by Appraiser James A. Lee. The estate consists of nearly $8000 in cash, $5000 worth of San Carlos real estate, nearly $6000 in securities, and the remainder in personal property.

Captain Zeh, who died last Oct. 4, was a retired sea captain and during his career had served as master of some of the coast's largest ships.

17 New Signals Urged For S. M., Burlingame

BURLINGAME — Installation of 17 additional traffic signals on El Camino Real in Burlingame and San Mateo, modernization of the existing eight, and synchronization of the entire system, is recommended by the State Division of Highways in a report to the two cities.

Snow in the Arctic regions often appears red or green, due to the small microscopic plants which live on it.

Opera Under Way In San Francisco

SAN FRANCISCO — Fortune Gallo's popular priced grand opera got off to a big start this week in San Francisco's War Memorial Opera House when the company launched its 17-performance season with a gala offering of "Madame Butterfly" in English. Critics acclaimed the performance as one of high artistry, not measured by the exceedingly low prices.

Until Sunday evening, Mar. 23, there will be a nightly performance excepting Saturday night, Mar. 15. There will also be matinees Saturdays and Sundays.

The big attraction this weekend will be a triple bill, Saturday matinee consisting of "Martha" in English, the Balcony Scene from "Romeo and Juliette" and a ballet divertissement by the San Carlo ballet. Lucille Meusel will be the Lady Harriet in the "Martha" performance. Other principals will be Charlotte Bruno, Richard Wentworth, Rolf Gerard, Conrad Mayo and Francesco Curci.

Miss Meusel will also have the role of Juliette in the Gounod production and Dimitri Onofrei the Romeo. Flora Shennan and Richard Wentworth will be the Gertrude and Gregorio, respectively. The Sunday matinee attraction will be "Rigoletto" with Miss Meusel in the title part, Gerard as the Duke and Ivan Petroff as Rigoletto. Sunday night "Trovatore" will have Mobley Lushanya as Leonora. Other principals will be Coe Glade, Aroldo Lindi, Mostyn Thomas and Harold Kravitt.

Press photographers of London are beating blackout restrictions by using infra-red camera plates and bulbs.

The eight-hour working day was inaugurated in Germany by regulations passed in 1918 and 1919.

'Captain Caution' Coming Here

The perils of warfare at sea hold no terrors for Louise Platt in spite of the pleas of three men, Victor Mature, Bruce Cabot and Leo Carrillo, in this dramatic scene from Hal Roach's mighty sea epic, "Captain Caution." The film is scheduled to open Sunday at the Fox Redwood Theater on a double bill program with "Dangerous Game."

GAMBA PAYS $25 FINE

Augustino Gamba, 1602 Main St., Redwood City, who was arrested last week on complaint of the State Board of Equalization, which charged that he sold liquor when he had only a beer license, paid a $25 fine in Judge E. I. McAuliffe's court after pleading guilty to the charge.

FACES BATTERY CHARGE

Charging he was brutally beaten in an unprovoked attack by Stanley Bishop, Burlingame auto repair shop operator, Charles F. Mausser, 67, Burlingame electrical shop proprietor, has signed an assault and battery complaint against Bishop, who then was arrested Monday.

Rubinstein To Open Spring Concert Series

SAN FRANCISCO—Arthur Rubinstein, dynamic Polish pianist, will open the Spring series of concerts of the San Francisco Opera Association Tuesday evening, Mar. 25, when he gives a single concert in the War Memorial Opera House.

Rubinstein has been an imposing figure on the American concert stage since 1906 when he came here from Europe on his first tour. He has been globe-trotting since he was 8 years old when he was taken to Berlin to perform for the great Joseph Joachim. It was as a result of this that Rubinstein was sent to study under three of the greatest teachers in Germany. He made his debut at 11 and was only 16 years old when he came to this country on tour. There is no music center in the world, however, in which he has not appeared.

His program will include selections by Chopin, Villa-Lobos, Granados, Albaniz and de Falla.

Other attractions in the Spring series of the opera association are: Mischa Elman, Sunday afternoon, Mar. 30; Nino Martini, Tuesday evening, Apr. 1; Josef Hofmann, Tuesday evening, Apr. 22; Helen Traubel, Tuesday evening, Apr. 29; John Charles Thomas, Friday evening, May 2.

Tickets are on sale at Sherman Clay & Co.

Six-Lane Highway Plan Wins City's Approval

Plans for the widening of El Camino Real through Redwood City, to provide a six-lane divided highway, were approved by the Redwood City Planning Commission Monday night.

The plans, submitted by the State Highway Commission, provide for three lanes on each side of the four-foot dividing strip, which will have asphalt ridges to provide bumpy going for any motorist who gets out of line. Besides the traffic lanes, there will be parking strips on either side of the 80-foot highway. Construction of the highway is in progress.

A new zoning ordinance and setback maps for the entire city were approved by the commissioners, which recommended their adoption by the city council. The zoning ordinance was drawn up to replace the old ordinance, which did not cover many of the newer tracts in the city.

The commission approved a recommendation by City Manager C. L. Dimmitt that when large lots are resubdivided, the divided lots be equipped with sewer laterals. Subdividers will be required to apply to the city engineer for permission to divide lots, and must put up the cost of installing lateral connections for each lot not already so equipped. City Manager Dimmitt asked that this ruling be adopted to eliminate confusion which has often followed resubdivisions.

RESIGNS TRAFFIC POST

Daniel R. Stafford, prominent Redwood City real estate man, has submitted his resignation to the board of supervisors as a member of the San Mateo County Traffic Safety Commission. Stafford cited press of business affairs as the reason.

The rate of increase in population during the decade 1930-1940 was less than half that shown in any previous decade since the first census in 1790. The greatest rate of growth, 36.4 per cent, was in the decade ending with 1810. The rate for the last decade was 7.2 per cent.

Tragic Error Costs Edward Barry His Life

Edward Barry, 67, a resident of this district for 65 years and a teamster for the Poole Transfer Co. for 30 years, was dead today, the victim of a tragic mistake. He is believed to have swallowed poison taken from the medicine cabinet in his home, thinking it was cough medicine he had been taking regularly for treatment of a bronchial cough.

Mr. Barry was found lying unconscious on the floor of his bedroom Sunday evening by his wife, Alice, and their daughter, Mrs. Pearl DeForce, when they returned from a ride. A broken glass was found on the floor beside him, with traces of a strong disinfectant still in the bottom of it.

A physician was summoned, but Mr. Barry died within an hour without regaining consciousness.

Authorities and members of his family believe Mr. Barry had reached into the medicine cabinet for the bottle of cough medicine, but had taken out the bottle of disinfectant, about the same size, and poured some into a glass. The shock caused by swallowing the strong solution may have caused him to faint, a deputy coroner said.

Mr. Barry was born at Donnerville, the son of pioneer parents, and moved to San Mateo County with his parents when he was about a year old. His father, Edward Barry Sr., was district attorney for San Mateo County in the '70's. The family lived at Woodside, Kings Mountain, Menlo Park and Redwood City.

Mr. Barry resided at 516 Heller St.

The decade from 1910 to 1920 showed the greatest numerical population gain of any decade. The increase then was 17,064,426, compared with an increase of 8,894,229 shown in the 1940 census.

City Employes Vote For Retirement Plan

The city council is expected to approve formally the adoption of the State Retirement Fund system for Redwood City city employes at the council meeting Monday evening. City employes, in an election at the city hall Monday, overwhelmingly approved participation in the retirement plan.

Only three ballots were cast against the proposal. Firemen and policemen voted unanimously in favor of the retirement fund, and only three employes in the other city departments opposed it.

Councilmen Evans A. Fletcher, Louis C. Christensen and W. M. Werder, members of the committee appointed by Mayor Harold F. Anderson, canvassed results of the election.

The plan will become effective after it has the council's approval, machinery for it is set up, and a contract signed by the city and State Retirement Fund—all of which is expected to take perhaps a month or two.

Burlingame Woman Faces Check Charge

Mrs. Martha Roberts, 51, of Burlingame was booked at the county jail Tuesday en route to Santa Clara County where a complaint has been issued charging her with issuing a worthless check. She was being held in jail this afternoon in lieu of $1000 cash bail or $2000 bond.

The complain was signed by Bissiam Singh, said to have been a former employe of Mrs. Roberts on a prune ranch near Santa Cruz. Singh complained that Mrs. Roberts paid him $400 with a worthless check. The Burlingame woman told her bail bond broker that Singh had failed to cash the check for three weeks and in the meantime she had inadvertently withdrawn the funds from her bank account.

Stanford Student Sued For $30,000 Damages

Two damage suits totaling $30,000 were on file in superior court today against a Stanford student as the result of an automobile accident at Main and Bradford Sts., Redwood City, Feb. 1.

Vincent Thomas, 45, of San Carlos, driver of one of the cars involved, asked $10,000 damages for injuries he received, and $20,000 for injuries received by his 6½-year-old son, Kenneth. Named as defendants were Herbert Bull, 21, a student at Stanford University, who was the driver of the other car, and C. C. Hansen, owner of the car driven by Bull.

U. S. retail sales of $42,023,818,000 in 1939 surpassed the 1935 census of business total, $32,791,212,000, by 28 per cent, the Census Bureau reports.

Over $2600 Secured for Red Cross

Memberships in Redwood City Chapter, American Red Cross, brought the record total of $2208.74 this year, in addition to $403 from the Bay Meadows Race Track Charity Day, according to a report made here to Mrs. Mary Thorning, chapter president, by Atty. Wayne R. Millington, who has conducted the annual roll call here for the past eight years.

With the aid of two new organizations — the Commuters Club and the Junior Chamber of Commerce—and Mrs. Oliver Dibble Jr., who headed the committee at Woodside, better solicitation coverage was provided this year than before, Millington said.

Every penny collected was turned over to the chapter, there being no collection expenses. Even a $7.50 item for a theater screen advertisement was paid for by other means—through a contribution by the Lions Club, sponsor of the campaign. Incidental expenses were borne by workers themselves.

Millington's report shows that there were 1345 $1 memberships sold; 53 $5 memberships; 15 $10 memberships; 12 $25 memberships; $92.50 collected in odd amounts over $1; $55.74 collected in amounts under $1.

The breakdown of Millington's report shows that the American Legion collected $5.50; the Legion Auxiliary, $29; American Trust Co., $16; Bank of America (two branches), $16.50; Commuters Club, $79.50; Eagles, $58.15; Exchange Club, $73.17; First National Bank, $17; Japanese Association, $24; Junior Chamber, $12; Kiwanis Club, $752.15; Lions Club, $22; North Fair Oaks Improvement Association, $50.85; Fire Department, $145.25; grammar schools, $59; Sequoia High School, $82; Tribune, $9; Veterans of Foreign Wars, $20.45; VFW Auxiliary, $45.27; Woman's Club, $237; Mrs. Oliver Dibble, $288.45; J. V. Neuman, $17; John Volpiano, $3.50; Sequoia High School Employes, $22; City of Redwood City, $75; Mrs. Mary Winter, $28.50.

Millington expressed complete satisfaction with the campaign, explaining that "this has been a year of co-operation by most of the organizations of our community."

"It seems that each year the chairmanship of the drive is an increasing pleasure and that is possibly attributable to the fact that each year shows a greater spirit of co-operation by the local organizations and a substantially increased collection," he declared.

There are 57,900 drug stores in the U. S., according to the census, and their annual receipts amount to $1,562,438,000.

American exporters did $83,000,000 worth of business with Cuba in 1940.

Port, Recreation Issues Supported By R. C. Chamber

Propositions 1 and 3 on Redwood City's special election ballot Mar. 25 won unanimous indorsement of the Redwood City Chamber of Commerce's directorate Monday night.

Proposition 1, to issue $150,000 in bonds to finance enlargement of facilities at the Port of Redwood City, was indorsed on the motion of Director Bruce Knox, second of Director H. C. Mitchell.

Proposition 3, to issue $25,000 in bonds to finance improvement of existing recreation facilities, including the new recreation center at the end of Chestnut St., was approved on the motion of Frank A. De Patta, second of Leslie E. Wolbert.

Other directors present were Pres. Norman S. Menifee, Kenneth L. Bowen, Teddy Lauman and Ole S. Oleson.

The directors took no action on Proposition 2, to issue $75,000 in bonds to finance purchase of areas including "Butcher Field" on El Camino Real, as originally urged by the Commuters Club but later "orphaned" when sponsorship was withdrawn.

DEAR MOM:—

Gee, I never knew one guy could be so lonesome. Mom, won't you please send me the Redwood City Tribune? All the other fellows get their home town newspaper sent to them. I'd sure like to have it as it would help me over the rough spots. I heard Muriel's picture was in the paper the other night and I sure would like to have seen it. Don't let me miss another issue. Phone up the Tribune and have it started the day you get this letter.

P.S. Order the Tribune for me now so I can see who my newest buddies will be.

Prize-Winning Saroyan Play Now Being Given

SAN FRANCISCO—With Eddie Dowling and Julie Haydon cofeatured, "The Time of Your Life," William Saroyan's wild, mad, fantastic "comedie humaine," is now the attraction at the Curran Theater, San Francisco.

This play, which enjoyed an all-season success in New York last year, and ended by winning the Pulitzer Prize and the annual award of the New York Drama Critics' Circle, was produced by the Theater Guild in association with Mr. Dowling.

The scene of this amazing creation is a water-front saloon on the Embarcadero in San Francisco; the characters are the queer assortment of habitues and visitors that one would expect to find in such a joint, each one of whom is marked in action, word and appearance by the imprint of life as he or she has lived it.

The impact of these oddly assorted men and women upon each other is replete with drama, humor, pathos and tragedy. Mr. Dowling plays a kindly, sympathetic, humorous, philosophical souse who correlates the characters and their problems—their search for the Meaning of Life and their relation to it—providing a dramatic entity to the whole. Miss Haydon acts an ethereal prostitute who yearns to know What It Is All About and is helped by the understanding inebriate to find the all-important answer.

Benjamin Franklin invented daylight saving time.

'Tiny' Thornhill To Wed P. A. Woman in Reno

Claude E. (Tiny) Thornhill, former Stanford football coach, and Jean C. Liedloff left Palo Alto by motor this morning for Reno, where they were to be married this afternoon.

The big-happy-go-lucky football coach who surprised fans by turning out three successive Rose Bowl teams in 1933, 1934 and 1935, also surprised Palo Altans with his unexpected marriage plans.

It is Thornhill's second marriage. His first wife died shortly after he left Stanford in December, 1939.

The newlyweds will honeymoon in the Reno vicinity for two or three weeks before returning to Palo Alto, which will be their home at least temporarily. Thornhill is receiving "feelers" from several schools in need of a football coach and also is considering a tieup with a projected Pacific Coast professional grid league.

Mrs. Thornhill, daughter of Mrs. Josephine M. Liedloff of Los Altos, was educated at the University of Washington and was assistant manager of the secretarial exchange in Philadelphia before coming to Palo Alto several months ago.

Gerber Is Acquitted On Speeding Charges

Contention of Stephen W. Gerber of Palo Alto that when he was speeding 75 miles an hour on Bayshore Hwy. last Dec. 9 at 12:50 a.m. he was not endangering anyone else and that he had control of his machine was upheld today by Justice of the Peace Hugh Mullin Jr. in San Mateo, who acquitted the oil firm executive of speeding charges that had been preferred against him by the highway patrol.

Gerber pointed out to Judge Mullin that there were no other cars in sight when he was overtaken by the patrol machine.

Judge Mullin explained in giving his decision that Gerber's contentions had been upheld by higher courts.

Gerber originally was to have appeared in the Redwood City court of Justice of the Peace E. I. McAuliffe, but asked for a change of venue. Twice before he had been fined in the local court, once $5 and once $15, for speeding in South San Francisco. On those occasions he had asked for a change of venue to the county seat. Gerber formerly lived in Atherton.

More than 27,000 miles of the nation's airways have been lighted and otherwise improved for night operations.

Retail sales in 1,770,904 stores of the U. S. exceed $42,000,000,000 annually, according to the Census Bureau.

4 Million Dollar Expansion Program

Expenditures totaling over $4,000,000 for new automotive equipment have been authorized by L. O. Head, president of Railway Express Agency, for a broad program of replacement and addition to the company's automotive facilities made necessary, in part, by increased business for national defense industries, it was announced today. Orders have been placed for 2667 trucks, tractors and trailers of specified design and capacities, for delivery during this year.

In conducting its nation-wide rail and air express service, the Express Agency maintains one of the country's largest truck fleets under one commercial management. The fleet is made up of more than 13,000 motor units, chiefly gas trucks, but includes electric trucks, tractors and trailers.

Chassis of trucks and integral cab bodies are ordered from separate manufacturers. The truck bodies on order are of all-steel construction and in accordance with designs and specifications developed exclusively by the Agency. In the process of building, the sub-assemblies are electric-welded and the final assembly completed on a progressive production line. The bodies are mainly of the "cowl" and "unit" types. Deliveries of the new trucks are already under way.

Most of America's oilcloth, 96 million square yards are produced annually, is made on a cotton base, but a small amount is made on paper base, according to the census.

Binder twine factories are operated in seven penal institutions in the U. S. They produce 36 million pounds of binder twine, according to the census.

Boy Dancer Injured When Hit by Auto

Carl Hundchen, 7-year-old son of Mr. and Mrs. Charles Hundchen of 521 Elm St., had two front teeth broken Monday afternoon when he was knocked down by a car in front of the postoffice on Jefferson Ave.

The lad, crossing the street after school was out, ran in front of a car driven by Jack Kearns, 44, of 2775 El Camino Real, Redwood City, police reported. They took the boy home. Kearns was not detained.

Mr. Wallace failed to show up for work this morning and an inquiry at the hotel revealed his death.

No strychnine or other poisonous traces were found in the body of Major Royal Park, headmaster of a Menlo Park boys' school who committed suicide on March 2, it was reported by Coroner William F. Crosby on receipt of a toxicologist's report. A sleep-producing drug was found in sufficient quantities to have caused death, the report said.
